 **Pooja**
DEHY-FOODS PVT. LTD.

COMPANY

OVERVIEW

POOJA DEHY-FOODS PVT. LTD., basically a firm engaged in manufacturing and exporting of Dehydrated Onions, Garlic, Vegetables products & Spices in India. Situated on the outskirts, about 6 kms away from Mahuva, in a pollution free environment. Mahuva is the 2nd largest onion producing belt in India, the reason behind this is mainly it is an agricultural region, with fertile soil, adequate water supply, perfect climatic conditions. Hence Mahuva offers all what onions need. The company is founded by a farmer family, basically engaged in cultivating and trading Raw Onions for decades.

POOJA DEHY-FOODS Pvt. Ltd. is capable of supplying quality Dehydrated products as it has the most advanced technology & equipment required for the dehydration industry.

Our main products are as follows; Dehydrated White / Red/Pink Onion & Garlic in forms of FLAKES, KIBBLED, MINCED, CHOPPED, GRANULES, POWDER, SLICES AND CRISPY FRIED ONION & GARLIC.

We export dehydrated onion, garlic, vegetables & spices to all over the world.

QUALITY

CONTROL

We are a quality oriented organization, which strives hard to offer the finest quality products to our clients. Dehydration process is carried out as per the requirements of GMP & BRCGs standard.

To ensure the quality of our products, we have recruited expert quality control personnel and installed latest technology equipments namely Auto Color Sorter (Color Sortex) to remove any impurity & unwanted particles, Metal Detectors (Sesotec) to remove rare metal pieces of FE, NFE & SS from the finished product. We have designed our process human less after feeding of the material to packing. Each process carried out mechanically to restrict contamination by humans intentionally or unintentionally. We also open for third party audits preferred by our client.
